OSTERVILLE ANGLERS CLUB

2017

Corporate Sponsorship
Program

OUR LEGACY

Located on the shores of Crosby Basin, the Osterville Anglers' Club is a family oriented club, committed to promoting and advancing the sport of recreational fishing. With an active and dedicated membership, the Club sponsors a number of fishing tournaments, social activities and education events throughout the year. What started in the late 1980s as the idea of a small group of local sportsmen – to form a fishing club where the entire family could be involved in angling and other related activities – has evolved into what is today a premiere fishing club on Cape Cod.

In addition to its angling activities, the Osterville Anglers' Club is active year-round in the local community. The OAC provides \$2,000 in annual scholarships to graduating high school seniors and college students, supports community environmental groups such as Save Our Sound and Three Bays Preservation, hosts a Mass. Safe Boating Class (every other year) and is a sponsor of such local charity events as the Joe Cronin Memorial Jimmy Fund and the Making Strides Against Breast Cancer organization.

Wouldn't You Like Our Members,
Friends & Guests to be Your Customers?
